

# • THERA patient support<sup>®</sup>

## 3 simple steps to e-Prescribe **EGRIFTA<sup>®</sup>** or **TROGARZO<sup>®</sup>**

(tesamorelin for injection)

(ibalizumab-uiyk)

- 1 Identify** the eligible candidate for the product(s).
- 2 Locate** ASPN Pharmacies in your EMR or EHR system by searching
  - via Zip Code (07039);
  - NCPDP (3147863); or
  - NPI (1538590690)
- 3 Submit** e-Prescription and provide THERA patient support<sup>®</sup> program materials to patient.

**Tips for processing e-Prescriptions:**  
Include this information in your EMR/EHR Notes section:

- Complete patient information (name, DOB, phone number, address and any additional information)
- Last four digits of the patient's SSN
- For Medicaid/Medicare patients:
  - DX code, MD PTAN# and Tax ID#

### Product-Specific Information

#### **EGRIFTA<sup>®</sup>**

1. Indicate or attach important medical history information:
  - Whether the patient is receiving anti-retroviral therapy (ART)
  - Patient's Waist-to-hip Ratio (waist circumference ÷ hip circumference)
  - Fasting Blood Glucose (mg/dL)
  - BMI (kg/m<sup>2</sup>)
  - Concomitant medications

#### **TROGARZO<sup>®</sup>**

1. Indicate site of care preference for initial and subsequent dosing
  - Infusion Center
  - Prescribing Physician's Office
  - Home Infusion
    - Specify Nursing Orders: Provide skilled nursing visit to administer medication, assess patient's status and response to therapy.
2. Authorize inclusion of ancillary medical supplies (needles, syringes, etc., as required for administration).
3. Indicate patient's Drug/Food Allergies (or NKDA).
4. Attach complete antiretroviral list along with concomitant medication history.
